MEMORANDUM FOR: Executive Director-Comptroller

SUBJECT : Security in Automatic Data Processing

1. This memorandum is for your information.
2. In order to answer your question as to whether or not there is too much sensitive data accumulated on Agent Payroll magnetic tapes, a Committee was established to study the problem.
3. The report of the Committee is attached. The conclusion reached by the Committee was that there is not too much sensitive data on the numerous magnetic tapes required for the processing of the Agent Payroll by ADP methods, nor is there too much sensitive data compressed onto any such single tape. The Committee took note of the fact that true names of certain non-agent personnel are included on the Agent Payroll and financial accounting system tapes. It recommended that: (1) a program, already under way, to convert
